

## INSTALLER AT BLAUROCK

Blaurock is an international operating company manufacturing high quality windows, doors and roller shutters with more than 50 years' experience – made in Germany.

Our name is associated with a wide range of innovative products. We are proud to call garage doors, awnings, blinds, fly screens, door and terrace canopies as well as winter gardens a part of our product line.

## THE JOB

The position as installer requires excellent problem-solving skills and the ability to come up with a solution in order to complete the jobs. Products to be installed include windows, doors, roller shutters and more. This is a great opportunity for someone with the right skills who is seeking the security of a full time position.

## DUTIES AND RESPONSIBILITIES

- Installing windows, doors and other products of our range
- Performing service and maintenance works on these products
- Identifying technical problems, and actively problem solving to resolve installation issues
- Liaising with customers to confirm booking and access arrangements
- Must be willing to travel local and interstate for short periods
- Must be able to manage own work schedule and work with our technical team

## ROLE REQUIREMENTS

- Previous experience installing windows and doors
- Customer service focus
- Oral and written proficiency in the German language
- Understanding of safe work practices
- Valid driver's license
- Be self-motivated and lead a small team or work alone
- Have ambition and a strong work ethic

We welcome everyone who feels addressed to apply for this position. You will be rewarded with a great career.
